# BVT-DLBS

Steam attemperator  
with floating liner

## About us

BVT Sweden was started with the ambition of becoming world leading in critical applications in process steam and thermal power plant turbine bypass. Based in Säfte, BVT Sweden employs experts with over 30 years experience in turbine bypass, steam conditioning, temperature control, design and manufacturing processes. We design turbine bypass valves, select actuation to fit our customer's requirements. Our products are optimized on a per-order basis, and we have the experience necessary to design special solutions. These products cover steam conditioning valves, pressure reduction valves, stop valves, desuperheaters and spray water control valves.

## BVT-DLBS Steam Attemperator

Attemperation is the process of controlling the amount of superheat in a boiler or a Heat Recovery Steam Generator (HRSG). Spray water is injected into the superheated steam, reducing its temperature. Spray water flow is controlled by an external water control valve and injected perpendicular to the steam flow using a spring-loaded spray water atomizing nozzle. The steam pipe is protected from thermal stresses by a floating liner which also acts as a flow profiler, increasing the relative steam velocity near the nozzles and improving evaporation.

The floating liner is installed without any welding, allowing it to move with the expansion of the material, making it more resistant to cycling.

**BVT-DLBS PRODUCT CODE**

## Key features

- ✓ Unwelded flow profiling liner
- ✓ Nozzles resistant to flashing
- ✓ Even distribution of spray water in the steam pipe
- ✓ Negligible pressure drop in the steam line

## Specifications

Nozzle material  
**Inconel 718**

Rangeability  
**Determined by spray water valve**

Design pressure  
**Steam - 200 bar(g)**  
**Water - 320 bar(g)**

Design temperature  
**Steam - 630 °C**  
**Water - 250 °C**

Cycling  
**Up to 6300 cycles / 25 years**

Installation  
**Horizontal installation or vertical with steam flowing upwards is recommended.**

1. INTER-STAGE ATTEMPERATOR
2. FINAL STAGE ATTEMPERATOR
3. SPRAY WATER CONTROL VALVE
4. BOILER

## Water valves

BVT provides a multitude of spray water control valves, selected and designed to match operating conditions and customer requirements. The trims are chosen to prevent cavitation and flashing and prevent aerated liquids from corroding or eroding valve parts. They are equipped with quick exchange trims for more convenient inspection replacement. Among the options of trim designs are contour plugs, multi-step plugs, multi-cage and labyrinth disc stacks.

## Trim types

PT (Plug throttling)

**Cv Range: 1.4 ~ 9930**

**Rangeability: 25 to 1**

**Leakage class: IV / V**

HSC (Micro High Step Cascade)

**Cv Range: 0.24 ~ 406**

**Rangeability: 100 to 1**

**Leakage class: V**

HST (Single seat, drilled cage)

**Cv Range: 38 ~ 8900**

**Rangeability: Varies**

**Leakage class: IV / V**

LEFT: ANGLE-STYLE VALVE BODY  
RIGHT: GLOBE STYLE VALVE BODY

 Lloyd's Register

### Certificate of Approval

This is to certify that the Management System of:  
**BVT Sweden AB**  
Körkarlsvägen 8, 653 46 Karlstad, Sweden

has been approved by LRQA to the following standards:  
ISO 14001:2015 | ISO 9001:2015

  
P.G. Cornelissen - Area Manager North Europe  
Issued by: LRQA Sverige AB  
for and on behalf of: Lloyd's Register Quality Assurance Limited

Current issue date: 1 February 2019  
Expiry date: 31 January 2022  
Certificate identity number: 10169985

Original approval(s):  
ISO 14001 – 1 February 2019  
ISO 9001 – 1 February 2019

Approval number(s): ISO 14001 – 00002108 / ISO 9001 – 00002109

The scope of this approval is applicable to:  
Sales, development, engineering, service and upgrades of valves and accessories for power and process applications.

  
001

Lloyd's Register Group Limited, its affiliates and subsidiaries, including Lloyd's Register Quality Assurance Limited (LRQA), and their respective officers, employees or agents are, individually and collectively, referred to in this clause as the "Lloyd's Register". Lloyd's Register assumes no responsibility and shall not be liable to any person for any loss, damage or expense caused by reliance on the information or advice in this document or otherwise provided, unless that person has agreed a contract with the relevant Lloyd's Register entity for the provision of this information or advice and to that extent any responsibility or liability is exclusively on the terms and conditions set out in that contract. Issued by: LRQA Sverige AB, Box 9107, Chalmersgatan 74, 40202 Karlstad Sweden for and on behalf of: Lloyd's Register Quality Assurance Limited, 1 Trinity Place, Bournemouth, Dorset, Bournemouth BH1 1TB, United Kingdom

### CERTIFICATE

in accordance with the requirements of the Pressure Equipment Directive 2014/68/EU

ZERTIFIKAT  
in Übereinstimmung mit den Anforderungen der Druckgeräterichtlinie 2014/68/EU

This is to certify that the quality assurance system of  
Hiermit wird bescheinigt, dass das Qualitätssicherungssystem des Unternehmens

**BVT Sweden AB**  
**SE-653 46 Karlstad**  
**Sweden / Schweden**

has been assessed by LR Deutschland GmbH in accordance with the requirements of Annex III  
durch die LR Deutschland GmbH entsprechend den Forderungen des Anhangs III

### Module H

to the Pressure Equipment Directive 2014/68/EU and  
conforms to the requirements for the products shown below:  
der Druckgeräterichtlinie 2014/68/EU geprüft und bewertet wurde und für die folgenden Produkte die Anforderungen erfüllt:

**Valves and accessories for power and process applications,  
for details see Annex 1 to this certificate.**  
Ventile und Ausrüstungsteile für Anwendungen in der Wärme- und Verfahrenstechnik,  
Einzelheiten siehe Anhang 1 dieses Zertifikates.

Approval is subject to continued maintenance of the quality assurance system  
in accordance with the requirements of the above-mentioned directive.  
Die Zulassung gilt unter der Voraussetzung, dass das Qualitätssicherungssystem fortlaufend aufrechterhalten wird und  
die Forderungen oben genannter Richtlinie erfüllt.

Authorisation is hereby given to use the below-mentioned Notified Body Identification Number  
of LR Deutschland GmbH in accordance with the requirements of the specified directive  
in relation to the products as named above:  
Hiermit wird die Genehmigung erteilt, folgende Kennnummer der LR Deutschland GmbH als Notifizierte Stelle  
in Übereinstimmung mit der angegebenen Richtlinie in Bezug auf die oben genannten Produkte zu verwenden:
